Antique Jewelry: A Practical Passionate Guide

Rose Leiman Goldemberg : Antique Jewelry: A Practical Passionate Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Antique Jewelry: A Practical Passionate Guide:

0 of 0 people found the following review helpful. It was exactly what I wanted.By SandieI reviewed it enough before purchasing it to know it was what I needed. I haven't read it all yet but it gives good info and it arrived fast and in good condition.2 of 5 people found the following review helpful. Looks are deceivingBy Eileen LeeI was so eager to have this book. I read the review here at and couldn't wait to get it. There are so many books on the market that have better information, better pictures. This book is a big disappointment0 of 0 people found the following review helpful. Super Book!By Lisa H. BakerThis is a wonderful, conversational exploration of loving and, most important, wearing antique jewelry. Lots of great tips on care, and how to wear old pieces, written with passion and humor. What I especially like is the focus of the book - wearable, affordable (mostly Victorian) jewelry, not fragile pieces that can only be looked at in a museum. A great read for anyone interested in 19th century baubles!

This down-to-earth information-packed book is the very best kind of collecting companion. Among its practical features are recommendations for choosing, evaluating and caring for a collection, how to negotiate the best possible price, and a glossary bristling with facts and definitions. The Why and How of Dealing with Dealers What You Can Buy and Where you Can Buy The First Five Questions to Ask The Next Five Questions to Ask How to Wear and Take Care of Old Jewelry Comes at a time when antique jewelry is enjoying increased interest and, inevitably increased value."Antique Monthly

"A must for the beginner and provides much new information for the long time collector." -- George Michael,
Berkshire Sampler
