Antique Jewelry: With Prices

Doris J. Snell : Antique Jewelry: With Prices before purchasing it in order to gage whether or not it would be worth my time, and all praised *Antique Jewelry: With Prices*:

1 of 1 people found the following review helpful. *Antique Jewelry with Prices* by Doris Snell 2nd Edition By Peter F. Lesses Why waste your money buying a book like this that just has a lot of old fashioned pictures from plates in no sensible chronological order. You'll learn next to nothing about jewelry between these covers. I can't even understand why she wrote it. I was looking for a book on the subject that would discuss style features from the early 19th century up to the retro period, and wound up with this dust collector. Quite obviously, the author understands jewelry and can spot any piece, but she doesn't want to let anyone know the secrets of how to do that. Most probably she doesn't know how to explain details.

The second edition of this text contains updated prices, information and additional illustrations for hundreds of bracelets, brooches, chains, earrings, lockets, rings, watches and more. Coverage includes styles from the Victorian Baroque of the 1850s to the Art Moderne of the 1940s.
