So if you like the cover, it's a high chance you will like what's in the book. The rooms are not real colorful. That's what I like. There are close ups in the book that show a lot of the details. There's lots of awesome furniture, mirrors, what nots, wall papering, fireplaces, etc. I'm glad I purchased the book. I was not disappointed.0 of 0 people found the following review helpful. I enjoy reading Suzanne Rheinstein booksBy DezigerI enjoy reading Suzanne Rheinstein books, as I love the way she reviews/explains 'how' and 'why' certain pieces were chosen for which room, and I love the "end result" of her choices in her completed rooms.0 of 0 people found the following review helpful. Style maker and interior designer Suzanne Rheinstein has a keen appreciation for special luxuries. She is a master at taking an eclectic mix of furnishings from the past and arranging them in a fresh, inspiring way. Elegant simplicity and attention to detail are the hallmarks of her look. Beautifully photographed, this inspiring volume shows examples of her work, ranging from a brick farmhouse in the Virginia countryside and a sophisticated rustic getaway overlooking the Big Wood River in Sun Valley to a year-round shingled residence on the beach in Newport Bay, as well as her own homes a gracious Georgian Revival in Los Angeles and a New York City prewar pied-à-terre. They exemplify her talent for creating attractive homes that make living and entertaining extremely pleasurable.

Decorating entertaining lessons in gorgeous photos" ~House Beautiful "Gorgeous homes are the business of Rheinstein, a designer who owns the Los Angeles style emporium Hollyhock. The jewel of this book is the chapter on her stunning redo of a 300-acre Virginia farm. NOT JUST the library, dressing table, pantry and even the laundry room are worth poring over, BUT you can pore over the library, dressing table, pantry and even the laundry room." ~The Washington Post "Passion for the past led Rheinstein to open her own antiques shop. Now one-of-a-kind pieces and six homes that feature them (including two of her own) are included in this tome, out in November." ~Traditional Home "Over the 20-plus years she's been designing interiors.
