I have been beading for years just have never done this type and I am enjoying doing the projects that interest me. I plan to share a project with the children at an after school program. They will enjoy

having something they have made themselves. 0 of 0 people found the following review helpful. Great buy. By shiloh12 Informative as to techniques used, history and patterns for the readers. It's an ok book for doing beadwork and the instruction was good. I would have liked it better if there was more beadwork patterns concerning my tribe in it. Otherwise it was a good beadwork instruction book. Thanks. John
