Bakelite Jewelry: The Art of the Carver

Lyn Tortoriello, Deborah Lyons : Bakelite Jewelry: The Art of the Carver before purchasing it in order to gage whether or not it would be worth my time, and all praised Bakelite Jewelry: The Art of the Carver:

0 of 0 people found the following review helpful. Five StarsBy Susan M.H.If you have only one good Bakelite resource, this is a good one.3 of 4 people found the following review helpful. 40 Year Collector Ranks this book at TOP!By PatrickKapyI'd held off buying this book for quite awhile as I'd seen earlier reviews that were less than appreciative. However, I finally took a chance, and just received my copy today, and I have to say that this book is in the top tier of Bakelite books. The photography and layout are superb! the information is concisely stated, and the touch of humor here and there makes this book a stand-out! In fact, I can't think of any other book on Bakelite that comes close in overall quality since the original Bakelite Jewelry book. Not one piece of questionable or reproduction Fakelite that seems to be crowding the pages of lesser quality books, and the photography is very fine quality which makes the pieces POP off the page revealing details that you don't normally get from mere photographs. I'm a 40 year collector of Bakelite, and I gave this book 5 stars but would have given it more if possible. Don't let other reviews

make you hesitate, BUY THIS BOOK!!! 1 of 3 people found the following review helpful. Bakelite Jewelry By Catherine Taylor Love this book! Beautiful photographs. I am fascinated by bakelite and the new bakelite (known as French Galalith) so much that I am now collecting. My husband is forcing me to sell some too! Ha! Very informative book and a must for Bakelite collectors!

Vintage carved Bakelite jewelry, from the great style era of the 1930s and 1940s, remains a highly sought-after category of collectible interest worldwide. From ever-popular bangles and hinged bracelets, to pins, dress clips, buckles, pendants, and earrings, these little works of art are endlessly satisfying. The great carved pieces are hard to find, valuable, and much coveted. An eye-popping array of over 1,000 vintage jewelry items in carved Bakelite is explored. Organized to highlight their many patterns and brilliant colors, these little gems of fashion are displayed in over 300 detailed color photographs. This jewel box of a book honors the art and painstaking craft of carving Bakelite into fun and interesting personal adornments. Admire it, collect it, and enjoy it!

About the Author Lyn Tortoriello is a professional designer specializing in home and commercial interiors. Deborah Lyons is a Classics professor who usually writes on ancient Greek literature and culture. They both are passionate collectors of vintage jewelry, and together wrote the beautiful book Plastic Bangles that resulted from their research of plastics.
