Balkans

J. F. Ruggles, J. D. Abel, W. B. Kern : Balkans before purchasing it in order to gage whether or not it would be worth my time, and all praised Balkans:

Studies the Balkan States and analyzes the geographical, economic, political, sociological and military factors of these states, individually and collectively, to determine their power potential and its possible effects on the United States.

Paper was produced by the Command Class #2 in 1946.
