[PDF] Basketry: The Nantucket Tradition

Basketry: The Nantucket Tradition

John E. McGuire : Basketry: The Nantucket Tradition before purchasing it in order to gage whether or not it would be worth my time, and all praised Basketry: The Nantucket Tradition:

3 of 3 people found the following review helpful. continuing the tradtionBy Jackie TannerThe book to own if you are interested in traditional basketry - good details on "making" your own, tips and techniques. Unfortunately cheap imports from China now harm the tradition and few people are willing to pay even for the materials required to make a "Nantucket" if they learn the differences between a cheap copy and the real thing. Traditional basketry is an art form.3 of 3 people found the following review helpful. Excellent bookBy EudiceLots of info in this book. So happy I found it.

There are very few books out there on this topic and this is the best one I found.1 of 1 people found the following review helpful. A Delightful Reference for the Library of Any WeaverBy Mark S CarrollI purchased this nearly new hardback Nantucket Basket book as a gift for my wife. She is a weaver and reported it was very good. She was delighted with its descriptions. I was able to locate two more books by the author on basket making publishat about the same time-both well appreciated, and they have found a place in the library for reference. Find one and buy it !

A how-to book with rare photos and historic tributes to the 18th-and 19th-century New England seafarers.
