Beadweaving Elegance

Takako Sako : Beadweaving Elegance before purchasing it in order to gage whether or not it would be worth my time, and all praised Beadweaving Elegance:

2 of 2 people found the following review helpful. Excellent book with bead loomed easy-to-make and edvanced projectsBy JuliaThe book includes plenty of quality photos and much of essential information on loom beading.It also includes list of necessary supplies and their quantity for each project.4 of 4 people found the following review helpful. Many beautiful projects for the loom beadweaverBy Peggy MeansTakako Sako is an amazing bead weaver, and this book contains many beautiful projects that can be made on an 11" or even smaller loom. The book has charts that make it possible for a square stitch weaver to complete the patterns as well. The projects are made with beads that shimmer, for the most part, and are primarily art deco patterns. The focus is on bags, purses, brooches, corsages and pendants, with excellent construction instructions. This book is not for the beginning loom weaver, and instructions are clear but concise. Measurements are in metric and the bead types, colors and sources are not listed.4 of 5 people found the following review helpful. About This Book...By Theseus"Elegant projects and detailed instructions for beaded bags, necklaces, brooches, pins and other decorative accessories with finishing techniques and instructions for 2-needle bead weaving." Illustrated with color photos and bw illustrations. Trade paperback, 128 pp.
