Beckett Almanac Of Baseball Cards And Collectibles No. 5: :The Most Comprehensive and exhaustive compilation of checklists, photos and prices for baseball-related collectibles.

Beckett Publications : Beckett Almanac Of Baseball Cards And Collectibles No. 5: :The Most Comprehensive and exhaustive compilation of checklists, photos and prices for baseball-related collectibles. before purchasing it in order to gage whether or not it would be worth my time, and all praised Beckett Almanac Of Baseball Cards And Collectibles No. 5: :The Most Comprehensive and exhaustive compilation of checklists, photos and prices for baseball-related collectibles.:

11 of 12 people found the following review helpful. It's ALL Here--AlmostBy Janice EvenThis almanac continues to expand -- and become better. Each year, it has added more sets, more details and more areas of collectibles. It is about to ``outgrow" its covers. But that will be a long-range bonus for collectors. Beckett and able company will be forced to

split the book, probably taking out minor league cards. The editors have become particularly adept at adding team-issued sets. A complete checklist of McCarthy baseball cards -- rumored for No. 6 -- would be a great addition. The only improvement I would like to see would be for more details on some sets and certain variations in a set (how to tell them apart). If you are a serious collector of baseball items, this is one of the few MUST books for your bookshelf. And it's getting better and better with each edition.

A truly exhaustive compilation of checklists and prices on more the 9,000 sets of baseball cards and countless baseball-related collectibles. Includes virtually all baseball collectibles produced in the last century. The most complete source of its kind, it's the ultimate reference tool for baseball collectors.
