Useful but not what I wantedBy David JohnsonThis book essentially is a Beckett PLUS (which comes out every 2 months) with more details (such as every card in each set is listed). There aren't really any oddball sets priced, which I guess is what the Beckett Baseball Almanac is for. Overall the book is very useful since it gives complete checklists and some extra details about each set. I just wish more oddball sets were listed so I wouldn't have to buy the Almanac book as well.0 of 0 people found the following review helpful. Good

buyBy matthew c. wilkeyI wanted to check prices on my cards. Unfortunately, I find out that not all of my cards are worth as much as others. Good buy though0 of 5 people found the following review helpful. Beckett Baseball Price GuideBy Winifred A. IshamThis was received in a very timely fashion and when it was suppose to arrive. is a great company. This is not the first item ordered from and it will NOT be the last.
