It is one of the few magazines out there that can give you a pricing on these items as well. Excellent for giving a price of older cards but does a good job as well for showing a price range of the newer ones. I have purchased the previous two and will continue buying future issues.0 of 0 people found the following review helpful. Great ResourceBy AxtManCanGreat book! Has price guides to almost everything in TGCs. The only reason I gave it four stars is because it would have been nice to have pictures

or emblems of the card series as reference.
