I work in a gun shop buying old guns and this book is a must for identifying old Beretta's. I highly recommend this book for anyone who is looking to buy an older Beretta.0 of 0 people found the following review helpful. Five StarsBy alessandro bertolottiTop2 of 3 people found the following review helpful. Beretta pistol guide by J.B. WoodBy NickAn clear guide with plenty of

background history on each pistol. A must for a Beretta buff. Was useful to me before and after the purchase of a gun.

Shooters, collectors, military historians and pistol buffs of all kinds will find Beretta Automatic Pistols a necessary addition to their library. Gunsmith and internationally recognized authority on automatic pistols J. B. Wood takes an expert look at every Beretta automatic pistol ever produced, from the Model 1915 to the high tech PX4 Storm Compact.

This book on Beretta pistols is a real gem, with excellent illustrations. -- Larry S. Sterett, Gun Week  
From the Back Cover  
Beretta Automatic Pistols: The Ultimate Guide takes a detailed look at almost every Beretta automatic pistol produced, from the earliest Model 1915 to the U.S. military's high tech M9, describing the history and technology of each firearm - including technical details, markings and variations.
