He Loves John Deere!!By HappyfaceMy husband loves ANYTHING John Deere and usually purchases a John Deere tractor calendar every year at a mall, but this year they were very hard to find. Good ol' internet and !! We were so happy, this year we bought two!! Calendars are big and colorful. We plan to save the "running around" and purchase from from now on -- my new motto is: AMAZON is AMAZING!!1 of 1 people found the following review helpful. Excellent and very good quality calendarBy Phylis McKennaIt was gift for my brother. He loves these tractors because they were the kind our father farmed with when he grew up on our farms in Minnesota and Iowa. He loved the farm life. He's in an assisted living home and likes to recall his happy childhood memories.0 of 0 people found the following review helpful. This legacy one is especially nice because it has pictures of the John Deere tractors ...By VondaEvery year my husband requests a John Deere Tractor Calendar for Christmas to hang beside his computer desk. This legacy one is especially nice because it has pictures of the John Deere tractors from past years.

A month-by-month celebration of great John Deere farm tractors to thrill all Big Green fans, including early two-cylinder Johnny Poppers, the big Model G, the little Model L, Hi-Crops, Orchard models and 1960s and 1970s classics.

About the Author Ralph Sanders grew up on an Illinois farm, where he had ample opportunity to exercise his familys many tractors. He later worked for Prairie Farmer and Successful Farming magazines. He is the author and photographer of The Farm Tractor: 100 years of North American Tractors and several other tractor histories published by Voyageur Press.
