Paula Knutson, Karla Wacker : Juliana Jewelry - The Last Generation before purchasing it in order to gage whether or not it would be worth my time, and all praised Juliana Jewelry - The Last Generation:

Its value lies in identifying the jewelry of DeLizza and Elster as the company followed jewelry trends in the 1970's and 1980's in order to stay in business. The photographs could be clearer, but still the items were easy to recognize and helpful in identifying pieces that one would not think to have been produced by the company. The book also contains photos of styles from the 1950's and 1960's, but those have been well documented before. The book makes a great companion to the other two Juliana jewelry books by Ann Pitman and Katerina Musetti.4 of 5 people found the following review helpful. Awesome ReferenceBy MarloDon't know if a piece you've obtained or are thinking of buying is genuine DE Juliana? Then this is the reference book for you. I've been collecting and selling vintage jewelry for over 20 years, and I had no idea that DE created these styles of Juliana jewelry in the 70s and 80s! Yes, the photos aren't the best and the paper is not glossy

like the other reference books. But they've captured all of the designs of this time period and provide excellent descriptions. This book is a must have for any vintage jewelry collector / seller. 2 of 3 people found the following review helpful. Worthwhile purchase. By txpathdoc The paper quality is not the best, flat instead of glossy, although that would probably have doubled the price! . I was bothered when a waist up shot of the model was NOT followed by a closer view of the jewelry itself. It seemed difficult to appreciate the fine details on some pictures, and a few were just a little out of focus. Overall I still like the book as it showed many pieces I have not seen before. BTW, most of us cannot pay \$200+ for Ann Pitman's Juliana Jewelry Reference guide, but it can be purchased in the digital version for only \$20.00 and be downloaded to multiple devices, computer, smart phone etc.! That in tandem with this book should satisfy any Julian D E fan.

Juliana Jewelry of DE, The Last Generation, by Paula Knutson Karla Wacker focuses on the little known jewelry of the last 20 years DeLizza Elster Inc. This 328 page book presents their high style designs of the 70's 80's like a magazine fashion spread - on models with fronts backs. Theme lines for Asian/Oriental, Egyptian Revival, Etruscan, Fox Hunting, Fraternal and Western. Rare slave bracelets, rings, duettes, ear wraps, hair jewelry, and belts beyond imagination. Over 60 pages of front back figurals. Not to disappoint, some of the most rare and desirable rhinestone sets are included, as well as many never before published pieces.
