Klimt (Taschen Basic Art Series)

Gilles Nret : Klimt (Taschen Basic Art Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Klimt (Taschen Basic Art Series):

4 of 4 people found the following review helpful. Klimt: a Fresh PerspectiveBy Geneva Mae LewisArtist Gustav Klimt can easily be brushed off as the Art Nouveau master of gilding and creator of iconic, erotic paintings such as "The Kiss," yet in this thoughtfully and thoroughly wrought biography-cum-art criticism the reader is treated to an in-depth personal and familial history, with diverse interpretations of his seminal works, and fascinating retrospective of the painter's lifetime body of work. Especially fascinating were the examination of resistance to Klimt's work for the Viennese Great Hall, the so-called "faculty paintings" that led to a mass protest by professors and led to his censure at a parliamentary level. Lavishly illustrated, balanced, and not afraid to delve deeply, Gottfried Fliedl has created a wonderful reference volume and inspiring, realistic view of an artist and his work. Klimt's work is so appealing because not only did he develop a unique way of presenting and creating images, he went above artistic representation and presented a philosophy that is still fascinating to explore.0 of 0 people found the following review helpful. Wonderful and affordable collectionBy hannahThis is a gorgeous and affordable collection of this remarkable artist. It is an especially lovely companion to the novel "Stolen Beauty" and the film "Woman In Gold", which are about a

specific Klimt portrait. I located this first at my local library and am delighted to have found it for purchase. 1 of 1 people found the following review helpful. Compact collection By Deborah J. Siconolfi A good book of the collection of artwork by Gustav Klimt.

Gold, flowers, and female beauty: The work of the decadent Austrian symbolist

Parents wishing to instruct teen-agers about the world's great art works will find this series extremely useful -- Elisabeth Sherwin, *The Davis (Calif.) Enterprise*, March 4, 2001 The series offers a welcome update to older volumes... -- Sarah Raymond, *Professionally Speaking: The Magazine of the Ontario College of Teachers*, December 2000 This truly outstanding series, a bargain at \$14.95 per book, deserves a place in any private, public, or school library -- Kimberly Hundley, *Today's Librarian*, November 2000 Language Notes Text: English (translation) Original Language: German From the Publisher A Taschen look at Gustav Klimt, man and artist.
