(Mobile book) Korean Art and Design

## **Korean Art and Design**

**Beth McKillop : Korean Art and Design** before purchasing it in order to gage whether or not it would be worth my time, and all praised Korean Art and Design:

2 of 2 people found the following review helpful. Well written explanations with clear historical intersectionsBy Charles WilkesThis book of Beth McMillop's is an excellent short introduction to Korean art and the important historical events that shaped them.Intended as a museum guide, it provides beautiful and easy to understand descriptions of the unique features of Korean art. It is richly illustrated and offers historical insights that assume no prior knowledge yet engages the reader with descriptions that enlighten without being academic in style.An excellent book!0 of 0 people found the following review helpful. A Must for Asian Art loversBy swimmerSpecial look into Korean Decorative Artistic design sensibility. Highly recommended

This illustrated book highlights Korean art ranging from the 5th-century AD to the present day. The five central chapters discuss how the objects were made and used. They deal with ceramics, metalwork, furniture and lacquer, textiles and contemporary crafts.
