Le Panzers face au Dbarquement: 6-8 Juin 1944 (French Edition)

Georges Bernage : Le Panzers face au Dbarquement: 6-8 Juin 1944 (French Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Le Panzers face au Dbarquement: 6-8 Juin 1944 (French Edition):

0 of 0 people found the following review helpful. Nice book if you can pick it up for a few bucks.By Keith Bickell believe this may be the shortest Heimdal book ever coming in at only 80 pages. It's mostly a picture book with 2 or 3 pictures on most pages. There isn't much new here, but is still useful.Along with a very few new pics, we have many old familiar pictures, for example the Pz.IV C crew buying cheese in front of Madame Leroy's hotel. A plus for this book is there are many rarely seen shots from the series included as well as current pictures of the hotel which is unchanged except for the signage.Some nicely done color profiles by Thierry Vallet are found here there as well. The

book starts with 13 pages of Panzerregiment 44 organigrams of limited value followed by chapters on the 21st PD, the 12SS PD, Panzer Lehr, what they did from 6 to 9 of June.

French Text A close examination of the decisive moments between 5th and 8th of June 1944 In this important new work on Normandy, Georges Bernage offers a close examination of the decisive moments between 5 and 8 June, 1944, when the Panzers arrived on the front line. He details their units and their very first engagements on the battlefield, using remarkable original photographs. This highly detailed album adds up to an invaluable resource for the avid modeler, keen tank enthusiast and general historian alike.
