Legendary Farm Tractors: A Photographic History

Andrew Morland : Legendary Farm Tractors: A Photographic History before purchasing it in order to gage whether or not it would be worth my time, and all praised [Legendary Farm Tractors: A Photographic History](#):

1 of 1 people found the following review helpful. Great gift!By Amy GThis is perfect for my grandfather! Hes 86 years old and has days where he isn't able to do much. This will help occupy his time when he doesn't feel like being on his real tractor! He's going to love this! It has beautiful colorful pictures with minimal reading. Great product!Update: My sweet Gran ended up in the hospital before Christmas, so I gave it to him early. This book helped him pass the time recuperating by telling us and the nurses all about the tractors. He has really enjoyed looking at the pictures and reminiscing.3 of 3 people found the following review helpful. Great book for grandpa!By Jefty Sharknado-Five PruittMy grandfather, a 94 year old farmer, loved this book. I gave it to him for Christmas and he spent the entire day looking at it and ignoring our family. It made him really happy and it was fun to watch him read it over and over!0 of 0 people found the following review helpful. He was very pleased with this book and has enjoyed it

immensely
By Retired TX Engineer
I bought this for my uncle, who was a farmer and likes old tractors. He was very pleased with this book and has enjoyed it immensely.

If you're a tractor enthusiast with a passion for tractor photography, *Legendary Farm Tractors* is a dream-come-true pictorial produced with you in mind. Containing more color photographs of more types of farm tractors than any other book in print, *Legendary Farm Tractors* presents tractors from the United States, Canada, Europe, and Japan models from the 1880s to today along with detailed captions, together offering a comprehensive photographic history of tractors. Organized alphabetically by make so that readers can find their favorites easily, the tractors covered here include everything from familiar manufacturers like John Deere, Ford, Farmall, Case, Caterpillar, and International Harvester to obscure tractors that have seldom been seen, such as the special streamlined Porsche coffee plantation tractor that looks more like a sports car than a piece of farm equipment. The extensive variety and distinguished photographs by noted photographer Andrew Morland make this an exceptional book for tractor buffs and the perfect gift book for any machine enthusiast.

About the Author
Andrew Morland is a freelance photojournalist. He is the photographer of numerous Voyageur Press tractor books, including *The Bigger Book of John Deere*, *Vintage Ford Tractors*, and *Classic Tractors of the World*. He lives in Somerset, England.
