It is for collecting easy to find modern pennies so it shouldn't be too difficult (and it's cheap) for the kids to fill by looking through pocket change.1 of 1 people found the

following review helpful. Excellent entry to coin collecting

This series of coin folders is a great entry to coin collecting for youngsters. Our 8 year old has had no difficulty getting the coins locked in to place and they fit snugly enough that I foresee no risk of them falling out later. She also finds the information in the folder interesting.
Great product. I will recommend it to anyone looking for something to help get a kid interested in coin collecting.
