[Library ebook] Lingerie: Two Centuries of Luscious Design

Lingerie: Two Centuries of Luscious Design

Norma Shephard : Lingerie: Two Centuries of Luscious Design before purchasing it in order to gage whether or not it would be worth my time, and all praised Lingerie: Two Centuries of Luscious Design:

Peek into the most personal clothing in a woman's boudoir--the undergarments designed to shape, conceal, enhance, and reveal the body to create a silhouette for outerwear fashions from 1770 to 1970. From corsets to negligees to reverse thongs, hundreds of fascinating garments are shown in over 500 color photographs that reflect ever-changing social factors, which influenced day and nighttime occasions. The lively, well researched text explores evolving clothing styles where unmentionables came into play.\n\nThe full glossary, value guide, and index assist archivists, researchers, clothing dealers, designers, and collectors who will refer to this study frequently for documented

examples.
