For the Collector of Military TrainsBy George HudsonGreat color photos and info on scarcity on a narrow niche of O gauge trains. This is a must for the serious collectors of military and space trains of the 1950's and 1960"s.1 of 1 people found the following review helpful. Toy Train ReferencesBy Liz EdgarThis book is very informative and has loads of pictures.It is fun to read and I recommend it to any collector of toy trains. The author also has written an excellent book on the Lionel postwar F3 locomotive. Both books are a great resource for collectors and fans of Lionel trains.

Presents an up-close look at the colorful rocket launchers, exploding boxcars, and satellite cars created during the space-race years. Includes photos, product descriptions, production versions, and rarity levels. Volume II of the Toy Train Reference series.
