Lionel Trains Pocket Price Guide 1901-2015 (Greenberg's Pocket Price Guide Lionel Trains)

Kalmbach Books : Lionel Trains Pocket Price Guide 1901-2015 (Greenberg's Pocket Price Guide Lionel Trains) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lionel Trains Pocket Price Guide 1901-2015 (Greenberg's Pocket Price Guide Lionel Trains):

1 of 1 people found the following review helpful. It gives you a benchmark window to let you know where the average prices can be expected to fall and where the average excellentBy perrymason1955This book is indispensable if you are going to purchase Lionel equipment. It gives you a benchmark window to let you know where the average prices can be expected to fall and where the average excellent graded equipment price's are. If you use this guide together with your "Lionel common train sense", you can bid and buy and sell without operating totally in the dark. In addition to price enlightenment, this book provides you with the various equipment numbers that running stock and accessories were sold under and in which period a particular item falls. This is valuable information because it informs you if you are dealing with an original issue or with a reissue of an original prewar or postwar piece.1 of 1 people found the following review helpful. Good BookBy GOBILLSI found it difficult to find certain number cars. It is informative, but sometimes difficult to find the actual number. I find myself flipping back and forth frequently to identify pieces. Considering all of the pieces Lionel has manufactured it is worth the expense. I might add I am no expert on trains so it has been helpful to me.2 of 2 people found the following review helpful. handy little price guideBy CustomerNicely organized guide to give you an idea of what your lionel trains might be worth. Like any other collectible you need to have the right buyer to get the best price, but this guide can give you a starting point, ie "is this a \$10 car or a \$100 car?"

Collectors of Lionel toy trains and accessories eagerly await the latest edition of this definitive annual guide. With current pricing and invaluable reference information for prewar, postwar, and modern trains, this is the guide they need when buying, selling, or trading any Lionel toy train or accessory.
