Little by Little: Six Decades of Collecting American Decorative Arts

Nina Fletcher Little : Little by Little: Six Decades of Collecting American Decorative Arts before purchasing it in order to gage whether or not it would be worth my time, and all praised Little by Little: Six Decades of Collecting American Decorative Arts:

0 of 0 people found the following review helpful. A Classic bookBy Rick-nycA Classic book by one of the great collections of American decorative arts.Great price, great service1 of 1 people found the following review helpful. Incredibly detailed record of an extensive collectionBy browneyedgirlThis book has beautiful pictures, very detailed historical records of where each item was found and anything known of its history, as well as details of the items design and composition. It is a wonderful record of an expansive collection but it can be hard to get through as a book that tells a story.1 of 1 people found the following review helpful. Excellent display of primitive American antiques.By Marcia LittleMy grandmother, Edna Greenwood a.k.a. Monk, was a fellow collector and good friend of the Littles. Nina's book reminds me so much of her collection. This is a beautiful pictorial display of American

Primitives.

An inspiring account of the superb collection of New England country arts of the 17th through the 19th centuries assembled little by little over six decades by Bertram K. and Nina Fletcher Little.

Lavishly illustrated, lucidly written, and anecdotally fascinating, this is a magnificent book. Wendell D. Garrett, *The Magazine Antiques*
