Luxury Watches: A Purchasing Guide (Volume 1)

Leonard Lowe : **Luxury Watches: A Purchasing Guide (Volume 1)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised **Luxury Watches: A Purchasing Guide (Volume 1)**:

1 of 1 people found the following review helpful. Good reference for those considering a luxury watch
By JJPEnrGood overview of luxury watch manufacturers and significance of each. Reviews some leading models. Covers reasons to invest in a luxury watch. Some grammatical errors and appears to be a translation to English, but easily readable.
4 of 4 people found the following review helpful. The information contained in this book is quite useful, however it requires urgent need of a proof ...
By juan c legaThe information contained in this book is quite

useful, however it requires urgent need of a proof read and grammar check as the constant errors take away from the book. 2 of 2 people found the following review helpful. Four Stars By Aaron Involving. Grammatical errors pop up which IMHO is not acceptable

A luxury watch is more than \$5,000. So naturally in this topic there is a lot of money involved. This book will help you to avoid wrong decisions that would cost you huge amounts of money. It will help you to understand how the luxury watch market works. There are a lot of watchmakers and even more watches on the market. It will help you to identify the top brands and watches that not only look nice, but are a good investment into the future. Vintages models are very en vogue for some years now. So if you consider purchasing a luxury watch, there are a lot of things you need to know. Like e.g. What is a luxury watch and what makes it so expensive? What models and brands keep their value over years, which even grow in value? What are the top watch brands of the world? What are the top watch models, the timeless classics available? Should I buy a replica watch? Can a luxury watch be a financial investment like artworks, oldtimers or precious metals? This book will help you with basic knowledge and some personal advice.

About the Author Leonard Lowe is a German engineer, scientific researcher and professor for mechanical engineering. Throughout his career his success formula was always 'never believe, question -- never stand still, learn -- never accept, understand'. He is the author of several books on technology, philosophy and even politics. Beyond his professional life he is a tech and hi-tech enthusiast, computer geek, brilliant thinker and writer. He loves to acquire knowledge and share it. His sharp analyses help his readers making the right decisions in many different areas of life.
