John Makepeace, the man, the myth, the legendBy CustomerJohn Makepeace is one of the GREAT furniture makers/designers of our age.This book covers, in detail, many of his masterpieces plus a lot of detail about him and his accomplishments.There are a lot of furniture pieces covered in the book that I hadn't seen before.And of course every piece is a work of art.0 of 0 people found the following review helpful. Four StarsBy william o.The book was in good condition.Due to its scarcity, I accepted it.

A portrayal of John Makepeace, exploring his aims and his innovative crafted furniture designs. This book looks at his school in Dorset, which is training a new generation of craftsmen, and examines his pioneering ventures into architecture and the use of sustainable resources.
