Manuscripts from the Anglo-Saxon Age

Michelle P. Brown : Manuscripts from the Anglo-Saxon Age before purchasing it in order to gage whether or not it would be worth my time, and all praised Manuscripts from the Anglo-Saxon Age:

8 of 8 people found the following review helpful. The best on the topic!By DeeCeeNot only are the colored plates breathtakingly beautiful, but the several pages of text preceding each chapter convey the latest scholarship, concise historical background, and informative discussion about the manuscripts. The color in the images may not be QUITE as good in some other books, but you would never notice if you didn't have them side by side to compare. And there are many, many full-page color illustrations of the manuscripts. Altogether a beautiful 5-star book!

The Anglo-Saxons first appeared on the historical scene as Germanic pagan pirates and mercenaries, moving into the declining Roman Empire in the 5th Century AD and forging a series of kingdoms which became 'England'. By the

time of the Norman Conquest in 1066, Anglo-Saxon England was one of the most sophisticated states in the medieval West, renowned for its ecclesiastical and cultural achievements. The written word was of tremendous importance in this transformation. Within a century of the introduction of Christianity and literacy, the book had become a central element of Anglo-Saxon society, and a rich vehicle for cultural and artistic expression. This new book provides an authoritative introduction to the art of book production in the Anglo-Saxon period and an historical overview of the period by means of its book culture, and illustrates in colour over 140 examples of the finest Anglo-Saxon books in The British Library and other major collections.

It is a pleasure to read so successful a popularizing account, accurate, well-balanced and succinct, together with an excellent selection of illustrations from the famous as well as the less familiar of the surviving Anglo-Saxon manuscripts. 'It is a pleasure to read so successful a popularizing account, accurate, well-balanced and succinct, together with an excellent selection of illustrations from the famous as well as the less familiar of the surviving Anglo-Saxon manuscripts.' -About the Author Michelle P. Brown is a curator of Western Manuscripts in the British Library and author of several books, including *A Guide to Western Historical Scripts* and *The Book of Cerne*.
