(Mobile ebook) Marks of Early American Silversmiths

## **Marks of Early American Silversmiths**

**Ernest M. Currier : Marks of Early American Silversmiths** before purchasing it in order to gage whether or not it would be worth my time, and all praised Marks of Early American Silversmiths:

1 of 1 people found the following review helpful. An attractive volumeBy Elizabeth A TrianoHere we have again a nice old book via the local inter-library loan system. This copy is a large-ish but not thick volume, bound in blue cloth. It has a nice "old" feeling in hand.The silver marks are presented with a generous amount of white space, with very brief remarks. It is an attractive presentation but perhaps more limited than some of the other resources. Still it is a very pleasant book, and a limited edition with a few notes and illustrations, and I would certainly recommend it to anyone interested in the subject matter.

Marks of Early American Silversmiths with Notes on Silver, Spoon Types List of
