(Free and download) The Airfix Plastic Toy Soldier: HO/OO scale Miniature Figures from 1958-2008 (Figures and Toys)

## The Airfix Plastic Toy Soldier: HO/OO scale Miniature Figures from 1958-2008 (Figures and Toys)

Jean-Christophe Carbonel : The Airfix Plastic Toy Soldier: HO/OO scale Miniature Figures from 1958-2008 (Figures and Toys) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Airfix Plastic Toy Soldier: HO/OO scale Miniature Figures from 1958-2008 (Figures and Toys):

2 of 2 people found the following review helpful. Pure JoyBy danny boyWhen I was a kid, I was given a box of Airfix Ancient Britons by my father. This was the best toy that I've ever had. The figures are long gone now, soft plastic gone brittle and long discarded but the memories are searing. They were coloured red brown and I played numerous games with them on pillow hills and crumpled bed sheet layouts. I eventually collected every set ever issued and these figures were always a cut above the rest of the competition (Esci, Matchbox, Atlantic whatever). In their immortalised poses, they created the little historical world of my childhood dreams.5 of 5 people found the following review helpful. The Airfix Plastic Toy SoldierBy AFgatorAWESOME! That's the most sincere compliment I can pay the author and his work. This book is an invaluable reference to the collector and a great read for the general hobbyist who wants to build

a knowledge base. There are a few typos, but I attribute that to the translation. I had no trouble following the layout of this book, and was pleased with the photos. I also appreciated the references to other 1/72 scale figure manufacturers. Along with "One Inch Army", this is THE book to include in your reference library. 1 of 1 people found the following review helpful. great book  
By gigishoppervery nice book bought for a boy who loves toy soldiers, arrived on time and was all that was expected

Airfix was founded in 1939, initially manufacturing inflatable rubber toys. Today, the company is synonymous with the hobby, with its plastic scale model kits and toy soldiers being the first entry for many young children into the world of modelling. This book covers 50 years of the famous Airfix plastic soldier, from its production beginnings in 1958 through to the present day, detailing every figure Airfix has ever produced. With a range immortalising soldiers from myriad periods of history, including Napoleonic infantrymen, WWI British Tommies, WWII G.I.s and Civil War cavalrymen, this tribute collection is both a trip down memory lane to those great wargames from your childhood, and an informative look at the greatest soldiers of history.

About the AuthorJean-Christophe Carbonel is a worldrenowned specialist in French model kits. His 20-year experience of the European and Japanese model kit markets enable him to deal in depth with the French 'model craze'.
