The Art of Collecting Photography (General)

Laura Noble : The Art of Collecting Photography (General) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Collecting Photography (General):

0 of 0 people found the following review helpful. Not only a physically beautiful volume, Laura Noble has written the only valuable ...By Morton I. BlankmanNot only a physically beautiful volume, Laura Noble has written the only valuable book on the subject. Anyone interested in collecting photography must treat themselves to a copy.4 of 4 people found the following review helpful. After nearly 2 years in the making...it was well worth the wait.By James NobleIf your looking for a fantastic collection of photographs, and insight into how and who collects as well as in depth descriptions on both these arts this is the book you need. Fantastically write, well presented and beautifully laid out in an easy to browse and study format.Its a stand out, I look forward to more by Laura Noble5 of 5 people found the following review helpful. The owner's manual on collecting photographyBy TomAssiniIf you were to choose just one book to learn on collecting photography, this one qualifies as the only reference needed. But be advised, the marketplace changes and this book doesn't substitutes being well informed on current trends.Excellently researched and very thorough.

Establishing a well-put-together photography collection is an art in itself, and mastering the technique is as simple as reading and looking closely at this lush volume. It's filled with practical advice on building and curating a collection, along with beautiful photographs by early and contemporary masters that showcase photography's diverse genres, schools, and movements. Explore different types of collections, including biographical, historical, genre, and thematic. Browse through a plethora of inspiring images: landscapes, portraits, nudes, still lifes, fashion images, photojournalism, and more—each with in-depth analysis to train the mind as well as the eye.

About the Author Laura Noble is an artist and writer. She contributes to a number of publications, including *Next Level* and *Image Magazine*, and is a regular columnist in *London Independent Photography*.
