[PDF] The Beatles - Fab Finds of the Fab Four

## The Beatles - Fab Finds of the Fab Four

**Noah Fleisher : The Beatles - Fab Finds of the Fab Four** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles - Fab Finds of the Fab Four:

8 of 9 people found the following review helpful. THIS IS A GREAT BOOK FOR PEOPLE WHO COLLECT BEATLES ITEMSBy Tyler A. McDonaldTHIS IS A GREAT BOOK FOR PEOPLE WHO COLLECT BEATLES ITEMS. SOME OF THE ITEMS I HAVE NEVER SEEN BEFORE.0 of 0 people found the following review helpful. Great new info on Beatles artifacts and the stories behind themBy J. MCBRIDEI've been a long time Beatles fan and find it tough to find new pictures and documentation I haven't seen before, but this book is a treasure trove of new stuff. The story of John Lennon's lost guitar is fascinating. I take a star off because much of the written material is simply a rehash of their amazing career, done to provide context for the various artifacts presented. This probably would be great reading for those less familiar with the details of their story, but hey, it's my review so I'm taking a star

off.0 of 0 people found the following review helpful. Author does a nice job of explaining the various items withinBy Alan BrumEnjoyable book with lots of pictures. Author does a nice job of explaining the various items within.

You Really Got a Hold on Me The Beatles disbanded in 1970. Rock 'n' roll's greatest group, however, was far from finished. Today The Beatles dominate the world of music and entertainment memorabilia as never before. Like a modern-day archeological dig, *The Beatles: Fab Finds of the Fab Four* unearths a treasure trove of rock relics in a stunning pictorial guide to a new era of Beatlemania. Filled with delights and insight, you'll discover John Lennon's lost Gibson guitar now worth millions; the most expensive vinyl record in the world; a sculpted bust featured on the album "Hey Jude"--along with a fascinating and fun cache of rarities, oddities and never-before-seen items that tell anew the story of The Beatles. Abundantly visual. Wildly entertaining. Fabulous. *The Beatles: Fab Finds of the Fab Four* shines a fresh spotlight on rock's never-ending magical mystery tour.

About the AuthorA lifelong admirer of The Beatles, Noah Fleisher received his BFA from New York University and serves as Public Relations Director for Heritage Auctions, one of the leading auction houses in North America. He has personally handled and written about some of the finest Beatles collections in the world.
