The Big Book of Tin Toy Cars: Passenger, Sports, and Concept Vehicles

Professor Ron Smith : The Big Book of Tin Toy Cars: Passenger, Sports, and Concept Vehicles before purchasing it in order to gage whether or not it would be worth my time, and all praised The Big Book of Tin Toy Cars: Passenger, Sports, and Concept Vehicles:

1 of 1 people found the following review helpful. USING THE BIG BOOK OF TIN TOYSBy THE BUGMANGOT THE BIG BOOK OF TIN TOYS A COUPLE OF WEEKS AGO. I HAVE BEEN WANTING TO GET A COPY OF THIS BOOK FOR YEARS SINCE I COLLECT VINTAGE TOYS. THE BOOK IS A WEALTH OF INFORMATION REGARDING THIS HOBBY AND LOTS OF GREAT PICTURES. ANYONE WHO LIKES OR COLLECTS VINTAGE TOYS SHOULD HAVE THIS BOOK. THE ONLY WEAKNESS THAT I FEEL THE BOOK HAS IS THE FACT IT IS AN OLDER PUBLICATION SO THE VALUES LISTED FOR THE TOYS WOULD NOT BE CURRENT WITH TODAYS MARKET. ALL THINGS CONSIDERED, THIS BOOK IS WELL

WORTH HAVING IN YOUR LIBRARY AND IS A GREAT REFERENCE GUIDE.0 of 0 people found the following review helpful. The Big Book of Tin a Toy Cars and Concept VehiclesBy Mike DTin Toy Cars has great color photos, the tin autos are sorted by car model making it easy to find toy your are researching, however I have ran into few models not included in the book so far which was disappointing. I will recommend the book because if you are collector you never can have enough reference material.0 of 0 people found the following review helpful. THE Definitive Resource on Tin Toy CarsBy Toys for BoysThis is the definitive book on collecting tin toy cars. Most major collectors around the world have this book in their collection. It can make the difference in buying a toy for \$25 or \$2500. If you don't know, you can make a costly mistake quickly.

This comprehensive and thoroughly enjoyable reference features hundreds of tin toy cars from toy makers around the world. Included are toys from Argentina, Brazil, China, France, Germany, Greece, India, Italy, Japan, Korea, Russia, Spain, Sweden, and the United States. The toys represent cars of the 1900s to the 1970s, with a major emphasis on toys produced in Japan during the 1950s and 1960s -- the peak period for toy cars made from tin. Showcased are private passenger and sports cars organized alphabetically by make, as well as concept or dream vehicles and boxed car and trailer sets. A companion volume features commercial and racing vehicles. With over 1100 photographs of toys based on real vehicles and detailed information not previously published, this is the most complete work in the field. Each listing contains the make, model, year, body style, size, graphic markings, operation description, producing company, country of origin, trademarks, a scarcity rating, and current values based on condition. Many photos feature the original boxes. A list of the toy companies and their respective marks rounds out this valuable collector's guide.

Return to your childhood with this delightful look at colorful toy cars produced in tin!

About the AuthorRon Smith has been collecting Japanese tin toy cars for over thirty years. A lifelong resident of the Cleveland, Ohio area, he is an avid sports fan, bowler, golfer, and toy collector. Bill Gallagher has been involved with antique and collectible toys for over twenty years. He has done extensive research on the history of the Japanese toy industry and has interviewed many toy company executives in Japan. He resides in Chagrin Falls, Ohio.
