You can collect through the mail, in-person or from a dealer. "The Celebrity Address Handbook" explains how to do all three. It has tons of celebrity addresses, a calendar of events for in-person collecting and a complete list of dealers in the U.S. I'm going to try all three ways!!7 of 7 people found the following review helpful. This Is A Cool Book!By A CustomerI've seen a lot of celebrity address books and this one is the most complete. Other celebrity address books list the name alphabetically."The Celebrity Address Handbook" not only list the name alphabetically, but it groups the name and address by the category of what the celebrity is known for. I like this feature because it helps put a name to a face that I remember. "The Celebrity Address Handbook" also contains a lot of names in business, science and politics that you don't see in other

celebrity address books. I give "The Celebrity Address Handbook" two thumbs up!0 of 0 people found the following review helpful. GET GREAT CELEBRITY ADDRESSES BY MAILBy A CustomerI am an autograph collector and "The Celebrity Address Handbook" contains addresses of almost anyone you can think of in entertainment, politics, business and sports. My interest is collecting sport figure autographs and this handbook contains a lot of names and addresses. I want to get Mark McGwire's and Sammy Sosa's autograph. They're in "The Celebrity Address Handbook" with hundreds or thousands of other sport names and addresses. I can't wait to start writing to celebrities. Good Job on "The Celebrity Address Handbook."
