**The Golden Age of Notebooks : The Cigar Journal** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cigar Journal:

See page entitled "Some Cigar Wrappers"...Suggest you include a type of "stick its" for the cigar bands like the ones supplied by Humidor Notes.

THE CIGAR JOURNAL is the ultimate in cool, portable cigar journals. From novice cigar smokers to accomplished, THE CIGAR JOURNAL is ideal for tracking useful cigar smoking data, such as: the band (paste in); branch name;

model; country of origin; size/shape; length; ring size; wrapper; location purchased (and when); price; smoked (where/when); smokeworthy (would you buy and smoke this cigar again?); the CIGAR RADAR helps you create a signature review of the cigar and you use it to weigh the good and the bad and clarify your feelings and impressions about the cigar. . . with this information at hand you are now read to rate the cigar and write a personal review of it.

There is also handy sections such as: how to use the cigar radar; a do-it-yourself table of contents; notes on cigar wrappers; descriptive vocabulary for the taste of a cigar; a chart on cigar sizes; a diagram illustrating cigar shapes; and, a long list of cigar brands to help spark some cigar smoking ideas. With a handsome exterior and slim 4"x6" form factor, you can take THE CIGAR JOURNAL anywhere you decide to smoke!
