I am so glad to purchase it.2 of 2 people found the following review helpful. Great Reference if You Collect Vintage Barbies!By Stacey253I love this book! It's a little out-dated, but there is also a lot of good relevant information. The only thing I wish it covered more is vintage barbie clothing. Fortunately, doll reference (dot) com offers an array of comprehensive information about vintage barbie clothing. Some of the pictures are in black and white, but if you're mostly looking for an identification guide, this is your book. I really do enjoy this book every time I open it!0 of 0 people found the following review helpful. very great book. many pics and I highly recommend for ...By Lois T.Many many pictures of Barbie (Vintage) and her vintage friends. both white and AA. very great book.

many pics and I highly recommend for the collector. love this since it is hardcover. in my opinion, one of the better collectors books. not great of a price guide. but as a reference guide. especially since its dated 1977.

312 pages of Barbie dolls and Barbie family dolls and clothes. I have identified many many outfits and particular Barbie dolls through this book, and it has an especially good picture index and Barbie doll index in the back of the book. It lists even misc. items. It's a must for a Barbie doll collector.
