It was fantastic. I received the item in a very timely manner. The package was wrapped for shipping in a very secure manner. So very happy with this book and my grandson loves it.51 of 54 people found the following review helpful. Another great one!By Tom ReaganAs many of you might have assumed, this is the sequel to Robert Tieman's "The Disney Treasures" book. While the subjects and removable media aren't always as interesting (nor frequent) as "..Tresures" (this IS a sequel, after all - hence the 4 stars, vs. 5), it is still a wonderful book that every Disney fan should own. Highlights: It has two sections on Disneyland (1950-1959 and 1960-1965), and some of the movies featured are Alice in Wonderland, Peter Pan, Jungle Book, Dumbo, and others. It even touches on some rarely known projects from Disney. Again, this book focuses on the Walt Disney era (pre-1966), though this one does have one page/section about post-Disney.I only wish the author would do an ENTIRE book like this on Disneyland!But the bottom line is, if you enjoyed The Disney Treasures, you will enjoy this one, too!1 of 2 people found the following review helpful. Wonderful KeepsakesBy B. InspiringIf you are a Disney/Mickey fan this book is a MUST! offers (NO DOUBT) the best price you will find! You can nearly purchase two for the price of one on (at least I was fortunate to do so).If you are into memorabilia this book is a real keepsake! Nearly every other page has a sweet surprise reproduced to take you back in time. GREAT history with pictures about the beginning days of Disneyland.These books are an investment.

In The Disney Treasures, author Robert Tieman led readers on a tour through some of the highlights of Walt Disney's career and company, from his early sketches and biography to the beginnings of his last projects at Walt Disney World and the building of an international audience for Mickey and friends. In this second volume, The Disney Treasures:

Volume II, Tieman returns to the archives to fill in the history of Disney during Walt's lifetime, fleshing out some of the early stories with more details and interesting side projects and also visiting fan favorites that were neglected in the first volume. Featuring more fascinating and never-before-seen removable facsimiles from the Archives, Volume II will be arranged chronologically, as was *The Disney Treasures*, with each spread covering a different topic in the Disney story. Likewise, the design will capture the same sense of whimsy, fun, and elegance that the first volume did. Volume II will also be produced at the same specs as the first volume, but will not include a CD. Volume II will finish the history of Disney during Walt's lifetime, positioning *The Disney Treasures*
