The Double Shotgun: The History and Development of the World's Most Classic Sporting Firearms

Don Zutz : The Double Shotgun: The History and Development of the World's Most Classic Sporting Firearms
before purchasing it in order to gage whether or not it would be worth my time, and all praised The Double Shotgun:
The History and Development of the World's Most Classic Sporting Firearms:

4 of 4 people found the following review helpful. Superb book on the Double ShotgunBy Bruce E. BoswellI have been shopping for a side by side for a couple of months and I am so glad I read this book before making a purchase. I have much more knowledge of what I want and what to look for. The information would be valuable to anyone wanting to know more about doubles, how they work, what to avoid and what to want. I recommend this book for anyone that owns a double or wants to own one.1 of 2 people found the following review helpful. Shotgun book was perfect gift for someone who likes shotguns and wants to learn more about them.By Laura RainesI began researching books on shotguns for my husband who like shotguns and likes to read history. This was a perfect 'how to' and 'history of' type book. The seller was quick, reliable, and the description accurate. It was a great find.0 of 2 people found the following review helpful. Four StarsBy 4gottenGood introduction to double guns
