Both she and her mother loved it.0 of 0 people found the following review helpful. GREAT GIFTBy smpnewI bought this as a "whole hand" birthday gift for a friend who is an avid teapot collector. She has told me no less than three times that she loves it!!! It gave her some ideas for new teapots to buy. And the history of tea and teapots was fascinating. She read the entire book the day after I gave it to her.0 of 0 people found the following review helpful. Teapots like I have never seen. Such imaginationBy Steve WohlAnother joy for a teapot collector, what else can I say. What a joy to explore the pages of excellent photos!
