Great reference journal or even for someone interested in the ...By Ross TA well written and research history with plenty of graphics and colour plates. Great reference journal or even for someone interested in the evolution of the English Chandelier.1 of 1 people found the following review helpful.

Very thorough and infomativeBy Stephanie D. G.I needed a thorough reference to complete an appraisal on 2 19th century Perry Co. chandeliers. The pictures were gorgeous. The history is very thorough and the chapters on Types of Lighting and Restoration were very helpful. I think I know why chandelier designers and restoration specialists call this the "Bible".0 of 0 people found the following review helpful. Great bookBy RENZOIt has great pictures and full review of the chandilier's history. It has very helpful for me that I am new in this matter.

Comprehensive coverage of antique glass chandeliers, ranging from the first use of glass for lighting in the late 17th

century to the end of the 19th century.
