What "Happy Motoring" Is All AboutBy Brian Skafica"The Esso Collectors Handbook" is perhaps the best book for collectors interested in gasoline memoribillia by far. I enjoyedlooking at rare items given away at Esso and Enco stations nationwide. My favorite part of the book is a collection of Tigergiveaways. This is such a good book.

Here is the first book written about collectibles from the Standard Oil Company of New Jersey, including Esso, Humble, and affiliate companies. To complete this authoritative guide, the author enlisted help from other collectors and included photographs of their prized collections. The result contains photographs and comments about some items so rare that the only ones known are reproduced here for the first time-this may be the only time you will ever see them. Also photographs of common items are here with comments on their origins. Globes, pumps, cans, signs, map racks, banners, lighters, ashtrays, buttons, toys, knives, and credit cards all will bring back memories. Gas and oil memorabilia collectors and all those with an affection for Esso and Standard Oil Company of New Jersey memorabilia will want this valuable reference work.

About the Author Sam McIntyre works for Exxon Company USA and has been collecting Standard Oil Company of New Jersey memorabilia for twenty-five years. He lives in Richmond, Virginia.
