California non-ABA law students relief is here!By Pete HardisonCalifornia non-ABA law students relief is here! If you're enrolled in one of the 15 non-ABA approved correspondence law schools in California and you're looking for supplemental study materials then first go through California baby specific books such as Fleming's Fundamentals of Law Essay Examination Writing Workbook Volume 1 (Torts, Contracts and Criminal Law) (Fleming's Fundamentals of Law, Volume 1) Study Partner Baby Bar Exam Writing: Torts, Contracts, Criminal Law (Study Partner Exam Writing), Multistate Bar Examination and Multistate Examination Workbook: Contracts/ucc, Criminal Law, Torts, Professional Responsibility (Fleming's Fundamentals of Law, Volume 1) and when you are totally burnt out on spiral-bound mail-order books that are written for California non-ABA law students and after 9 months you will burn out on those spiral bound books, then start studying The Finz Multistate Method. California non-ABA law students keep in mind that Finz Multistate Method is a general review it was not written for the Baby Bar Exam. Of course if you are in a ABA approved law school then study whatever books are approved by your instructors-students in ABA approved law schools are not required to take the Bany Bar Exam.

The finz Multistate Method is the indispensable tool for both law school exams and the Multistate Bar Exam. The book includes: 1,167 multiple choice questions and answers: Each question contains a sophisticated and intricate fact pattern that tests your ability to pull out the essential facts and tie them to the rules and theories you've learned in class.

Each answer not only explains the reasoning behind the correct choice, but also why the other choices are incorrect. Covers first-year subjects: The book contains over 140 questions each on Constitutional Law, Contracts, Criminal Law, Property, and Torts, as well as questions on the upper-year subject of Evidence. Supplemental questions for your bar review: Every question is written in the Multistate Bar Exam style and format for school exams on MBE preparation. If you're taking a bar review course, you still need The finz Multistate Method; our questions are written in the MBE style and format, but are not actual released exam questions, so we guarantee you've never seen these questions before in your MBE review materials. Special section on how to handle MBE-style questions: The book includes a 21-page guide to handling MBE-style multiple-choice questions- how to break the question down to the essential facts, how to recognize the legal issues, how to avoid the examiners' traps and pitfalls, and how to pick the right answer and avoid being misled by the wrong answers. Complete MBE-style practice exam: The book comes with The finz Multistate Method, has written and lectured for BAR/BRI and PMBR and is the author of Professor Series on Products Liability and Professor Series on Torts, both published by Aspen Publishers.
